OBJECT: LETTER OF RECOMMENDATION

I am happy to write a letter of recommendation for Isaiah Kamau. He has been an intern with BioCard Elite LLC – development department from 2017-04-10 to 2017-06-16. In that time we have found Isaiah to be reliable, enthusiastic and creative key contributor to several projects executed his time with us – willing to do whatever it takes for the good of the project. Isaiah was exposed to software development, web design and development.

Isaiah seems to have a natural talent of a software developer's personality – able to envision a creative software; and how to grasp information quickly with minimal supervision to develop the end product. His ability to quickly grasp the technology employed to create our systems is apparent and very valuable.

Isaiah seems to truly enjoy all aspects of software development with additional experience, has the skills, the aptitude and the drive to be a valuable member of a development team.

Sincerely,

Bhavya Barot
