To Whom It May Concern

RE: NORBERT LUNANI MMASI

This is a letter of recommendation for the above mentioned who worked as a Sales Team intern in the Microsoft Strategic Business Unit at Techno Brain Kenya Ltd between 5th June and 5th August, 2017. The internship was part of the Presidential Digital Talent Programme (PDTP) by ICT Authority Kenya. The PDTP is a collaboration between the public and private sectors that takes fresh and qualified ICT graduates through an internship programme designed to build their ICT capabilities, ready for the ICT market.

He performed his duties with undisputable ease. Summary of the duties he undertook included:

- a. Analyzing data and creating reports and dashboards with Microsoft Power BI.
- b. Upgrading of machines' operating system to Windows 10.
- c. Demos in Enterprise Performance Management systems.

His work ethic was indeed admirable as he undertook his assignments with a learning spirit, which boosted his credibility. Most of all, besides work norm, he connects naturally with people at all levels. It is his intrinsic genius and a great value add to his people role. He appreciates different perspectives, cultures and opinions in a team hence easily gaining trust of the people, which has been profoundly beneficial towards achieving quick quality results within and without his scope.

I highly recommend him for any opportunity within his scope of competency, as he will be an asset to any employer. If you have further questions about him, please do not hesitate to contact the under signed.

Yours Sincerely

(For and on behalf of Techno Brain Kenya)

Allan Macnga
Human Resource Manager

Techno Brain (K) Ltd, PO Box 57666-00200, Heritan House, Woodlands Road, Off. Argwing
