

1st September 2017

To: Whom It May Concern,

REF: RECOMMENDATION LETTER FOR MR. KIPKOSGEI KIPTUI

This is a letter of recommendation for the above mentioned who worked as an intern in the Training Strategic Business Unit at Techno Brain Kenya Ltd where he was attached to the town centre for three months from 1 April 2017 till 20 June 2017. The internship Program funded by ICTA to give the students leaving presidential digital talent program a feel how corporate sector operates as well as the government.

Kipkosgei Kiptui was resilient, smart and team player where he supported the IT infrastructure in configuring, managing and deploying hardware and software solution to aid in training.

Kipkosgei Kiptui performed his duties with undisputable ease. Summary of the duties he undertook included:

- Infrastructure (Install OS, Win 8, Windows Server 2012, connecting all machines to the network and joining them to the local domain.
- Inventory and Asset Labeling
- Installing Licensing and Performing Preventive Maintenance.
- ML Classes and Breakout Session.

His work ethic was indeed admirable as he undertook his assignments with a smile which boosted his credibility. Most of all, besides work norm, Kipkosgei connects naturally with people at all levels. It is his intrinsic genius and a great value add to his people role. He appreciates different perspectives, cultures and opinions in a team hence easily gaining trust of the people which has been profoundly been beneficial towards achieving quick quality results within and without his scope.

I highly recommend Kipkosgei Kiptui and will follow his career closely as I am confident of his success. He would be an asset to any employer. If you have further questions about him, please do not hesitate to contact me at oscar.maina@technobraingroup.com

Yours Sincerely

Oscar Maina
