

## REPORT

### DLP TRAINING, INSPECTION & ACCEPTANCE

#### WEST POKOT COUNTY

Name of DLP Quality Inspector HILLARY BII

#### TRAINING OBJECTIVES

- ❖ Understanding the basic computer operations
- ❖ Effective use of DLP devices (TDD, LDD, CAP Projector) in the classroom
- ❖ Effective use of digital content provided on digital devices
- ❖ Manage the class using the class management system (CMS) known as Netsupport
- ❖ Acquire basic navigation skills on windows 10
- ❖ Perform basic troubleshooting of the devices

#### Other objectives

- ❖ Coordinate and facilitate DLP launches in schools for awareness creation
- ❖ Inspection and Acceptance of devices for commissioning.

## DLP CHALLENGES

### a) POWER

- Most schools has no power due to various reasons such as transformer failure, frequent power interruption.
- Most schools in Central Pokot Sub-county which are connected to national grid have no power since last year.

**b) DLP DEVICES**

- Some LDD devices are logged with Administrator's Account as default account
- Some TDD devices have Microsoft office not activated or were activated with wrong keys

**c) TEACHER ALLOWANCES**

- Teachers were requesting for transport and provision of lunch during DLP trainings.

**d) DLP INSPECTORS**

- No hardship allowances
- Long distances between schools hence high cost of travelling e.g. schools in sub-counties like Central Pokot, North Pokot and Part of West Pokot
- Some schools are not accessible by Moto-bikes such as Mortome, Kopoch, Kokwotendwo Primary schools and many more
- Problems with communication due to no network coverage in some remote area

**RECOMMENDATIONS**

- ✓ During Training teachers should be provided with transport and lunch allowances
- ✓ DLP quality inspectors should be provided with hardship, lunch and better traveling allowances.
- ✓ ICT Authority and ministry of education should provide more and frequent DLP trainings to enable teachers be conversant with Digital devices.
- ✓ Teachers are advised to learn basic computer operation skills such as typing, deleting, saving, opening documents etc.
- ✓ Training notification should be sent in advance.
- ✓ The concern agency should follow up on power issues.
