Intern's Name *	Boniface Kimathi Kirimi
Organization Name *	ministry of education
Sector *	Public
Internship starting Date: *	2017-01-01
Internship End Date: *	2017-12-31
Intern's Assignment: *	ICT Assistant technical support Training end users(workers) in MOEST Help in implementing and piloting NEMIS Help in improving the current Network security infrastructure
Internship Duration(Months): *	12
Intern's Email: *	bon.kimathi@gmail.com
Supervisor Name: *	Clement Odeka
Supervisor's Email: *	clement.odeka@education.go.ke
Supervisor's Phone No: *	0722864926
Overall Objective(ICT Masterplan):	Improve and expand access to ICT skills and innovation capacity
Specific Objective(Organization): *	Nature education as the primary means of sustainable economic development, social mobility, national cohesion, and social development. This specific objective shall entail creation of appropr policies, solutions and infrastructure necessary to foster creativity and innovation at all levels.
Project Name{e.g. PDTP Helpdesk system(Indicate whether new or existing) Provide a brief description-max 100 words}: *

Integration of new network parameters/ System testing - checks for errors, bugs and inter-operabneetings, coding): * Start of project design, coding and development

Input/Resources required e.g. Laptops, finances *		
1	laptop	
2	note book and a pen	
3	networking tools	
Outputs/Deliverables(Measurable) e.g. PDTP Helpdesk system *		
1	National education management information system	
2	Free secondary Schools Funds Disbursement System	
3	Free Primary Funds Disbursement System.	
4	Reliable network environment expected and New Active directory implemented.	
Start Date *	2017-01-01	
Due Date *	2017-12-31	
Status(Achieved tasks/Milestones to Date e.g. 3 Modules completed): *		
1	Introducing the the Liquid Telkom Wifi Network (A faster and more efficient infrastructure)-comple	
2	Proper cabling arrangement, labeling and restructuring of the server room racks	
3	Development of the three systems is half-way. Modules prototype designs and configurations have progress.	
Expected Impact on Public Service/Service Delivery/Citizens(e.g. Quick solution/escalation of PDTP issues): *		
1	Simplifying government processes and embracing technology neutral operating environments	
2	Big data - Data and information collection for research and analysis	
3	To enhance clear, efficient and transparent disbursement of funds to Secondary and primary sch	
4	To Simplify and automate integrated end-to-end Ministry's accesses - Streamlining service delive
